Recreation:

- The small pool at the Aquatic Center has developed a significant leak. Staff has been working with several contractors to locate the source over the past few weeks. The source of the leak is the supply line piping underground. The pipes were not surrounded with enough subdrain and the soil has been eroding the pipes creating large holes. Several options to repair the pipes, concrete or sections of the pool are being discussed.
- We are working with Indianola Soccer Tribe to combine the youth soccer leagues into one program. Soccer Tribe will organize the leagues and take registrations while Parks and Recreation will provide the field maintenance and mowing.
